August 9, 2012

U.S. Environmental Protection Agency
Office of Enforcement and Permits Review
Region III
c/o Associate Director
1650 Arch Street
Philadelphia, Pennsylvania 19103-2029

RECEIVED
AUG 14 2012
3AP20

To Whom It May Concern:

Enclosed please find one copy of the 40 CFR 60, Subpart JJJJ and General Operating Permit (GP5) Emission Testing Protocol for two Caterpillar G3516LE and three Caterpillar G3516B Reciprocating Combustion Engines prepared for MarkWest Liberty Midstream & Resources, LLC at the Brigich, Lowry, and Baker Compressor Stations in Washington County, Pennsylvania and one copy of the 40 CFR 60, Subpart JJJJ and Operating Permit Emission Testing Protocol for ten Waukesha L7042GSI ESM And Two Waukesha F3524GSI reciprocating combustion engines prepared for MarkWest Liberty-Bluestone Midstream & Resources, LLC at the Bluestone Processing Plant in Butler County, Pennsylvania. If you have any questions, comments, or concerns please feel free to contact me at (918) 994-4173 office, (918) 809-8947 cell, or danny@airhygiene.com.

The operating permit states that between May 1 & Sept 30, any testing and or/tuning of a SI ICE shall be performed between 5 PM & 11 PM. In order to meet the schedule requested and to complete all required tests, the testing will not necessarily fall into that time frame.

Sincerely,

Danny Parr, QSTI
Director of Operations
